

Mark your calendars for Tenebrae

Good Friday is April 10. That evening at 7:00 pm we will once again gather in the Sanctuary to worship using a service called Tenebrae.

Tenebrae means darkness. We will tell the story of the passion of Christ through word and beautiful music. As we move through the events of that week, we will extinguish a total of candles.

If you have never experienced the moving Tenebrae service before, you will be moved by how much more Easter will mean to you afterwards.

Plan to attend and bring a friend.
